*The Plan B Project has been initiated as it was in STP's Business plan **SPORT AND LEISURE FACILITIES AT THE RECREATION GROUND SITE** – investigating the possibility of improved facilities at this site, alongside reviewing alternative locations. ### FUTURE OF STONEHAVEN COURT HOUSE BUILDING (DF)

All the condition surveys of the building are now complete, and reports are available.

Discussions with potential tenants have started, but we need more. If you have any contacts of potential tenants please let us know on [projects@stpweb.org](mailto:projects@stpweb.org).

The agreed progress report has been sent to Scottish Courts and Tribunal Service (SCTS) for their November meeting, which also lays out future process. We are building to the point where STP will be in a position to (and will need to) make a decision about the feasibility of the Court Building within the next 6 weeks.

*This project falls into a number of STP's charity criteria. For example to assist in the regeneration of the area through the improvement of the physical, social and economic environment in order to:*

*Manage community land and associated assets for the benefit of the Community and the public in general;*

*Advance Community development, including urban or rural regeneration within the community:*

*Advance environmental protection or improvement including preservation, sustainable development and conservation of the natural environment, the maintenance, improvement or provision of environmental amenities for the community and /or the preservation of buildings or sites of architectural, historical or other importance to the community.*

## **PROJECT UPDATE November 2015**

### **IMPROVING OUR TOWN CENTRE (JS)**

Next meeting due to take place in November has been postponed until January.

*This project commenced due to comments that were made by residents at the PfR exercises. Comments were made about Town Centre signage, the appearance and upkeep of some of the buildings in the Centre and the seagull nuisance.*

### **FORMER GAS WORKS SITE (MW)**

DS to contact Mark Skilling of Aberdeenshire Council for update

*This project resulted from comments made in the PfR exercises about the lack of parking in Stonehaven in general and specifically the lack of parking in the Auld Toon during busy times.*

### **LAND TRAIN (MW)**

The Land Train will be operating at the Christmas Extravaganza on 28<sup>th</sup> November and will then be garaged for the winter.

MKA Economics will conduct two separate economic impact assessments (EIAs) of (1) the Land Train and (2) The QEII Caravan Park.

*As above this project came about by comments that were made during the PfR exercises that the STP undertook in 2012. It also fits in well with the STP's SCIO objectives by assisting in the regeneration of Stonehaven by bringing tourists into the Town from Dunnottar Castle and was mentioned in the STP's Business Plan of 2012 – 2015 to ease parking congestion in the Town*

### **BEACH TOILETS (MW)**

Nothing further to report

*Improving the Public Toilets was one of the projects mentioned in STP's 2012 -15 Business Plan. One of STP's charity objectives is to assist in the regeneration of the area through improvement of the physical, social and economic environment in order to:*

*Manage Community Land and associated assets for the benefit of the community and the public in general.*

*Aberdeenshire Council asked STP to carry out a Harbour Development Feasibility Study and have assisted with funding for this project. One of the reasons the approach to STP from Aberdeenshire Council was made was that STP can apply for grant funding for the Feasibility Study which would reduce the cost to the council tax payer.*

### **ENERGY CO-OPERATIVE INITIATIVE (WE)**

Nothing further to report

*This project falls under the STP's Declared Charitable Purpose for the advancement of environmental protection or improvement in the reduction of energy use in Stonehaven and the reduction of CO2 emissions.
